

solaris[™]
Solaris 10 University Challenge

LET YOUR CREATIVITY RUN WILD...

With Solaris[™] 10 or OpenSolaris[™]

Win Cash Prizes and Sun Workstations

Enter the Solaris 10 University Challenge

- Sun Microsystems is sponsoring a competition for student developers, university faculty and IT staff like you.*
- Develop a new application. Port your favorite Linux app. Solve a customer problem or create a new game. Fix a bug. Write a driver. Use your own idea or one of ours. The choice is yours.
- Develop an original project using Solaris[™] 10 or OpenSolaris[™] and enter to win!

Grand Prize

- Winner receives US\$5,000, plus a Sun Ultra[™] 20 Workstation.
- Winner's university receives US\$100,000 retail value credit towards the purchase of Sun Microsystems products including Sun Fire[™] x64 systems and UltraSPARC[®] processor-based systems.
